POWER FACTOR ADJUSTMENT:

Demand charges will be adjusted to correct for average power factors lower than ninety-five percent (95%) if and when Association deems necessary. Such adjustments shall be made by increasing the measured demand one percent (1%) for each one percent (1%) by which the average power factor is less than ninety-five percent (95%) leading or lagging.

TERMS OF PAYMENT:

Payment for all bills for electric service must be postmarked ten (10) days following the date of bill mailing. Bills not paid by the next following bill date may be assessed a one and one-half percent (1.5%) late payment charge. This charge will be on the delinquent balance brought forward on the subsequent month's bill.

Payments received shall satisfy the oldest portion of the billing first.
